a b c d e f g h i j k l m n o p q r s t u v w x y z

To Play:

- Players use the missing consonant cards (yellow) and 1 alphabet of letter tiles ONLY.
- Cards start face down in a pile - flip the top card over to start the round.
- Players take turns picking and stacking letter tiles – creating words by filling in the blank space on the card.
- The last player to stack a letter and complete a word captures the card.
- All the letter tiles are returned to the kitty, flip over a new card and continue.

PRO TIP #1: Add an element of excitement by playing the "lightning version" - players have (for example) 5 seconds to play a tile

PRO TIP #2: J-j-j-jenga - if anyone knocks over the stack, the other player wins the card!
